LIVISTAR Kit

The **LIVISTAR** video-entry kit is the most practical and convenient solution for creating a video-entry system for a single-family residence. It is made up of an **LIVIMN** video-entry receiver, an **LIVIPR** entry panel with a colour video camera, a **power supply unit** and a remote **actuator** with 2 relays. The kit comes in two versions: with a white monitor or with a black monitor.

LIVIMN Monitor

LIVIMN is a video-entry monitor by Motostar. It features a large 7" colour TFT LCD display and a sleek, elegant design that fits perfectly into any space. It is easy to use, like all of Motostar latest-generation products for a smart home. **LIVIMN** is available in 2 different colours: black and white.

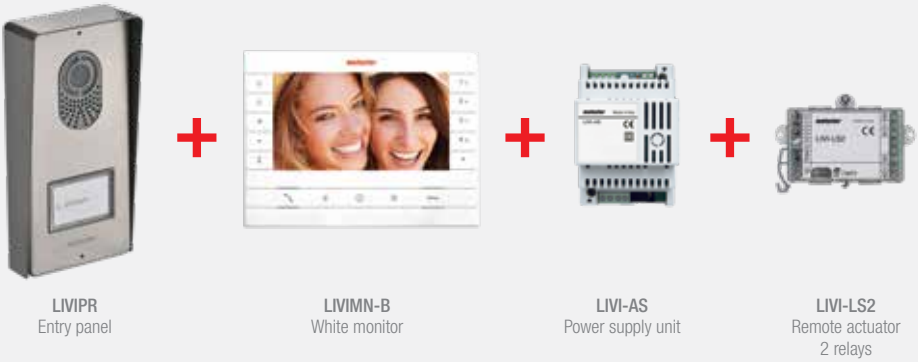

LIVIMN-N

LIVIMN-B

Kit contents

Visit www.motostar-smarthome.com for the **LIVIMN** and **LIVIPR** brochures, and for more information about our products.

LIVISTAR-B kit

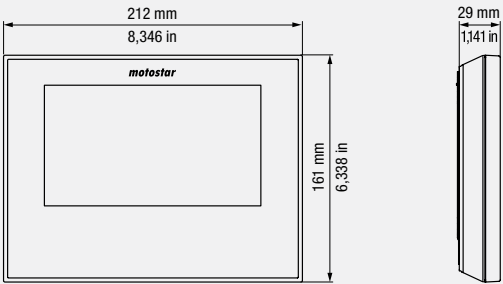

LIVISTAR-N kit

LIVIMN product pluses

- 7" full-colour TFT LCD display (800x480 pixels).
- Hands-free audio.
- Soft-touch buttons.
- Wall-mounted or recessed installation.

Dimensions (mm/in)

LIVIPR Entry panel

LIVIPR is a monolithic colour video entry panel by Motostar. It features soft lines and an AISI 316L steel finish. It is slim and compact, perfect for any space. It uses a 2-wire system. It can be wall-mounted or recessed.

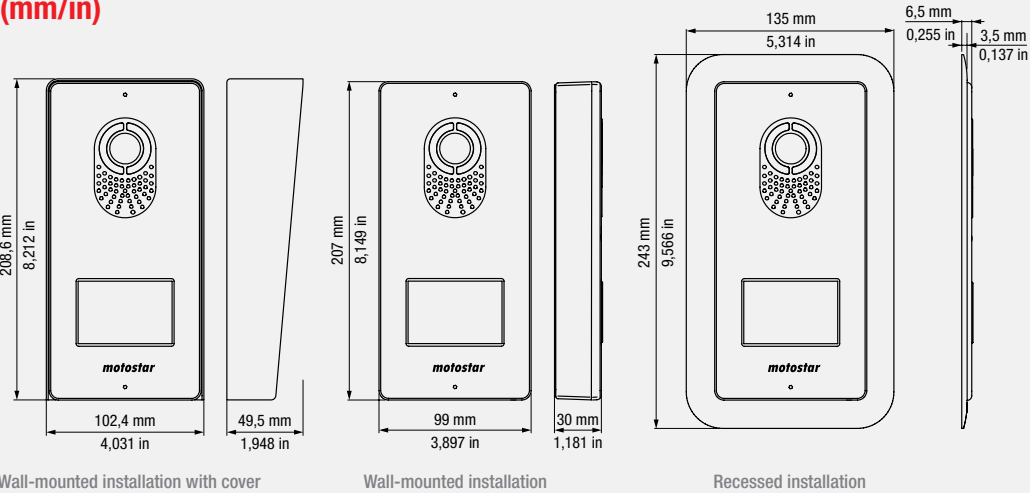

LIVIPR

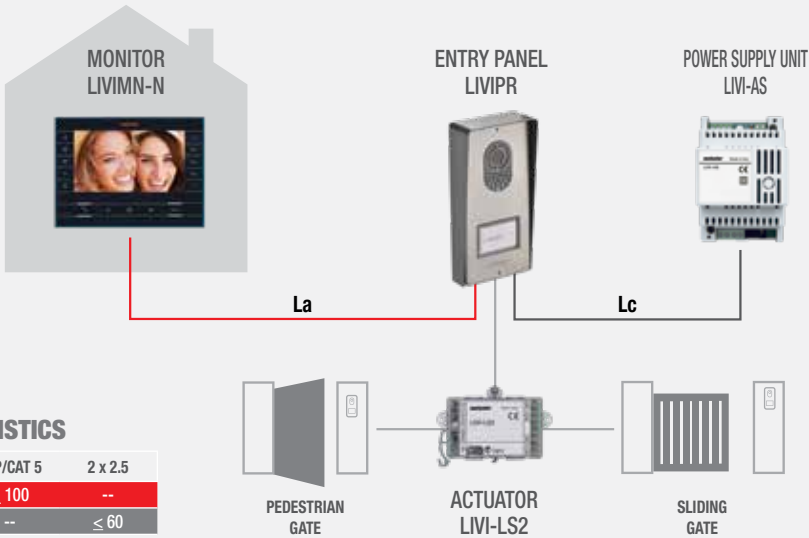

LIVIPR product pluses

- Robust AISI 316L stainless steel finishes.
- Depth of just 6.5 mm (recessed installation).
- Maximum protection against water and knocks.
- Wide angle: 94° horizontally, 77° vertically.
